Cloudflare CDN, DNS & WAF - Free plan	Cloudflare	1	\$0.00	/mo	\$0.00
Monthly recurring					\$88.80/mo
Pay yearly					\$1,065.60/yr
First-year total					\$1,065.60

Notes - Pros & Cons

- Pros
- * Lowest monthly cost.
 - * Simple to manage and deploy.
 - * Cloudflare in front for free SSL, CDN & basic security.
- Cons
- * Single point of failure - if the droplet goes down, the site is down.
 - * No horizontal scaling; vertical resize needs brief downtime.
